Product Highlight SYNO Gel Dome Closure

The SYNO S-500 is a dome closure with gel sealing technology for reliable and easy installation with a capacity of up to 8 splice trays. The splice trays are designed to accommodate individual splice chips for ribbon fiber, single fiber and splitters.

Benefits:

- Cold-sealing technology
- High degree of flexibility
- Fast and intuitive installation
- For cable and micro duct networks

Features:

- Single and Ribbon Fiber based closures
- Cable entries from 1 mm up to 28 mm
- Micro duct entries for 5, 7, 10, 12 and 14 mm
- Re-usable cable entry ports based on gel technology
- Strain relief for each cable
- Can be individually equipped with SC, SE, MCM or splitter trays

Repair Services that Meet Your Expectations
